

*Dear Member.*

*These are difficult times, where the normalcy of everyday life has been turned upside down, and our work and social structures have been disrupted, Indeed with the closure of the Golf Course any social and or recreational activity has also been discontinued.*

*The club would like you to think about how the closure of the club has affected the life of the free-lance caddy. These are men and women who earn their living by offering their caddy services. With the club on mandatory lock down they are unable earn a living and find themselves in difficult circumstances.*

*The club would like to ask members who play with a regular caddy, to see if they are able to send a "round of Golf" fee to those that they know to help them through this period until we are once again able to socialise freely.*

*This is completely voluntary, but a small gesture would make an enormous difference to their well being*

*Thank you very much*

*John Roper*

*General Manager*
